VOLUME 37. FRIDAY MARCH 29th 1940. NUMBER 52

## Mrs. McBride, Early Pioneer Passes Away

After a long illness, covering a period of many months, during which her condition gradually became worse, Mrs. Elizabeth McBride, aged 82 years, passed away Monday, March 25th, at the home of her daughter, Mrs. Floyd Wilde in Welling.

Mrs. McBride was born in New York City, and in the early days of the Church, with her parents crossed the plains by wagon train to Salt Lake City. In 1904 with her husband and family, she moved from Eden, Utah to Canada, settling at Welling. The father and husband died some years ago, and the mother is survived by four daughters and one son.

Mrs. McBride was always a loving mother and while her health would permit an ardent church worker, in her younger days holding many positions in the auxiliary organizations of the Church. Her home in Raymond was always noted for its beautiful flower gardens and lawns, when her health was such that she could care for them. We extend our sympathies to the family in their bereavement.

### FUNERAL SERVICES

The 2nd Ward Hall was filled to capacity Thursday afternoon for the funeral of Mrs. McBride, people being present from all over Southern Alberta. Bishop J. O. Hicken was in charge, and the choir of both wards, conducted by W. W. McMullin furnished the hymns for the service.

Speakers were John C. Peterson, now Bishop of the Kimball ward in the Alberta Stake, and formerly Bishop of Welling, where the McBride family resided, Elder O. H. Snow and Pres. T. Geo. Wood of the Taylor Stake. All the speakers praised the life of sacrifice and devotion of the deceased and the fine example of faith and humility she always placed before her family. Bishop Peterson spoke of the activity of deceased and the family during his years as bishop of Welling. All were high in their praise of deceased and the members of the pioneer family who had helped so much to build up this section of Alberta.

Interment was in the cemetery, a large cortege following the remains to its last resting place, and the floral tributes from the sorrowing friends and relatives covered the grave.

Out of respect to Ira McBride son of deceased, the Raymond Mercantile closed its doors during the funeral services.

After some rain and frost early Wednesday morning, with a warm day, feeling really like spring streets were slippery Wednesday evening, and a number of cars had to be pulled or pushed to solid footing.

### WOMENS INSTITUTE HOLD MEETING

The March meeting of the Womens Institute was held at the home of Mrs. Walter Zohell with eleven members and two visitors present. The roll call was answered by an Irish joke. A discussion on how to buy was then led by Mrs. Bert Nilsson. A paper on Canadian Industries and a very interesting discussion on Taxes by Don Merrill was then given. Mrs. Doris Hall and Mrs. June Allred then reported on the annual W. I. Convention held in Lethbridge this month. The meeting was closed by initiation a new member and the singing of "God Save the King."

### RAYMOND SCHOOL TEACHER PASSES

#### MISS HILDA ROBINSON SUCCUMBS ON ARRIVAL AT VANCOUVER FOR HOLIDAY

(Lethbridge Herald)

Miss Hilda Robinson of Lethbridge, died suddenly in Vancouver on Sunday shortly after arriving in the coast city for an Easter vacation. Details of her passing are not known here.

The deceased was employed in Raymond as a school teacher.

The late Miss Robinson was born in Cranbrook, B. C., on May 13, 1911. She moved to Lethbridge with her parents in 1916. For the past nine years she had taught at a number of southern Alberta points. She was a member of Southminster United church and the Alberta Teachers' Association.

Miss Robinson is survived by her parents, Mr. and Mrs. F. C. Robinson of Lethbridge; and two brothers, Ralph of Lethbridge, and Roy of Stavely.

Funeral arrangements, in charge of Christensen Brothers of Lethbridge have not been completed.

### Overcome by Gas

Vancouver, March 25.—Miss Hilda Robinson, 28, of Lethbridge, Alta., was found dead in her gas-filled room here yesterday, apparently overcome while cooking her breakfast at a gas stove.

Miss Robinson, who was recuperating here from a recent operation, was clothed in pyjamas when found lying on the floor of her kitchenette. A burner under a kettle had been turned on but the hose was disconnected between the outlet and plate.

Another tenant of the building, Mrs. H. Barton, said she noticed fumes at 6 a.m., but did not report them until more than two hours later. Police broke open the door but an inhalator crew was unable to revive Miss Robinson.

Note.—The passing of Miss Robinson was a great shock locally. She had only been teaching a short while prior to her accidental death, recuperating from an operation for goitre. She was popular with her students in the school and with them we mourn her passing.

### WEDDING BELLS

#### ZEMP — WALKER

Earl, oldest son of Mr. and Mrs. W. Zemp, and Beth, oldest daughter of Mr. and Mrs. J. H. Walker, were married in the Cardston Temple last Friday, with Pres. E. J. Wood officiating, in the presence of the parents of both young people, besides a host of friends and other relatives.

Earl and Beth are two of the most popular young people of the town, and for several years have been officers in the Raymond 2nd Ward M.I.A., where they have contacted and worked with the young people of the ward, and have won their respect and admiration. Beth is a teacher in the Sugar Factory, and during the past year and a half they have been building and furnishing their new home, which they have moved into and set up housekeeping.

The best wishes of the entire community are extended to them for a long and happy married life.

## Liberal Landslide Greatest Ever

That Canadians do not "wish to trade horses in the middle of the stream" was clearly shown by the voting on Tuesday, when 177 Liberal candidates were elected in the election to set a new record for the Dominion. This total with others who will support the Liberal policies will give the King Government 183 supporters. Five seats were still in doubt, and in four of them Liberals were in the lead, and if these elect Liberals it will give 187 government supporters out of a total of 245 seats.

Locally, John H. Blackmore, Social Credit, and House leader during the past four years won out by 844 majority over Lyn E. Fairbairn, Liberal candidate. Dr. Stewart, Conservative polled a nice vote but was a couple of thousand back of the winner and the runner up. Across Canada there were a number of surprises when ridings that have been Conservative for years switched to Liberal, probably in defence of the war efforts of the present regime.

## Social Credit Govt. Returned

The latest standing in the Alberta election is as follows: Social Credit 24, Labor 1 Independent 16, Social Credit is leading in 13 and Independents in 3 ridings where the decision is still uncertain.

The Alberta election is over. After a short but vigorous campaign, marked with the greatest interest in a long time, the guns are silenced, and people can return to the normal tasks of life, with nerves cooling down, after many reaching the sizzling point during the past ten days. Premier Aberhart and his colleagues are to be complimented on their victory. Carrying on under the keenest of opposition they have been able to explain to the satisfaction of the majority of voters, the reasons for the actions they have taken, and have been given a mandate for another term in Edmonton.

Despite arguments and controversies to the contrary, the Aberhart government has carried on during a peculiar era, and are to be complimented for what they have done. A spirit of government help for everything has swept the world.

Every scheme imaginable has been paraded before the government and help asked. Many the government have endeavored to assist. Some wisely, some unwisely, yes; and withal knowledge and great intelligence would be required to see through the fallacies of all.

And speaking of promises, the electors would like to see a government that would fulfil its pre-election promises. We believe that so far as Canada is concerned, such a government would really make history. All parties appear during campaigns and say they have tried. Possibly but promising so much and accomplishing so little, leaves a bad taste in the mouths of the citizens and they get to the point where they look askance at anything promised from an election platform. A practice of promising less, and accomplishing more of what was promised would enhance the standing of a party in the minds of most and that is what we want.

Success to the victors and may they do as much as they agreed to do in the affairs of Alberta.

## District Scout Jamboree Successful

### OLD FOLKS ROYALLY ENTERTAINED

The Annual Old Folks party was held in the 2nd Ward Church Wednesday last. Cars commenced gathering up the honored guests at 12 noon, and 206 were served dinner in the Recreation Hall at 1 p.m. Everything good that could be gathered up was served and the guests present did full justice to the sumptuous meal.

After the dinner, they adjourned to the meeting room end of the building and here a fine program was rendered which lasted for about two hours. Then the crowd moved back into the recreation hall, and local movies presented by Geo. Brewerton and R. J. Fensett, which included scenes also of the Cardston and Lethbridge parade were shown. Dancing to old time music was also enjoyed, and at 6 p.m. lunch was served to everyone.

The crowd remained in the 2nd Ward hall until 9 p.m. when they, with the married folks of the town enjoyed dancing until midnight.

S. B. Card for the First Ward and D. A. Bennett for the Second Ward are general chairman of this annual event and they with the members of the committee are to be commended for the fine entertainment provided for Raymond's Honored Guests.

### BEEF ACREAGE SIGN' UP UNDER WAY

Canadian Sugar Factories Ltd. fieldmen are busy now on the annual acreage sign up for the beet fields of 1940. J. W. Evans local fieldman, has been at the Town Hall all this week signing up local growers for the current year.

In conversation with him we learned that the local acreage will be slightly increased in some instances, and that over the district, a little more than two thousand acres increase will be written up, which will make the total planted acreage this year, a little over 23,000. This is in sharp contrast to the small acreage in 1925, which we believe was between 2,000 and 2,500 acres.

### SMELLIE REDE IN DELTA PHI

Provo, Utah, Mar. 26.—Smellie Reid of Raymond, Alberta, Canada is among thirty-seven returned missionaries of the Church of Jesus Christ of Latter-Day Saints who have been pledged since the first of the year to Delta Phi, national honorary missionary fraternity at Brigham Young University here.

This winter quarter pledging brought the membership of the B.Y.U. chapter to the highest point in its history. A record number of 48 pledges were inducted during the autumn term of school.

Membership in the fraternity is honorary and is selected from men who have served in missions of the L.D.S. Church. Its purpose is to foster spiritual activity, high ideals, fellowship and sociability.

Throughout the year, programs are presented by the fraternity to wards and stakes in regions surrounding the university; also parties, sports, an annual formal dinner, dances and other recreational and social entertainments are afforded fraternity members and their partners.

## Basketball Chatter

Last Saturday night the Jacks met, and easily defeated the team that came to Raymond representing the Teton All Stars. Advertised to be a close and hard fought game, the visitors came without some of their best men, and it turned out to be a rather listless and uninteresting encounter to both the players on the Jacks team and the fans. The game ended 85-36 for the Jacks, and Hicken with 25 and Nalder with 18 led the scoring attack.

Saturday night, March 20th, the Jacks again meet the Zulu Kings. After the first meeting in which the chocolate boys were given a good run for the victory they earned, they and the Jacks have both been anxious for a go at each other again. The management booked them for Saturday night, and fans are assured of another interesting evening of basketball, regardless of the final outcome of the game, and we hope this time to see the Jacks win out.

While no definite announcement has been made, Raymond basketball fans are hoping that

the Jacks are picked by the Dominion Basketball executive to represent the province in the Dominion playdowns. We understand that the northern part of the province is definitely interested in the playoffs, and with Magrath eliminating Lethbridge, it would appear that the choice would rest between the two sister towns of Raymond and Magrath, with the choice in the hands of the provincial body.

Raymond has the floor, and her fans think too, the team, and while if Magrath wants the playoffs, we understand that the local executive will have nothing to say against it, still in the interests of the team we have here, which has made such a fine record this season, against some of the best teams on the road, losing only one game to the Zulu Kings on our home floor we hope that the Jacks may get the nod to represent the province in the playdowns. We are sure they will give other contending amateur teams a real interesting evening whichever way the final decision might go.

From the first event to the last, the first Scout Jamboree of the district held in the Opera House on Friday night last, was a success. Scout leaders of the district had worked nearly all day, with the aid of the boys in preparing the details of the evening's entertainment, so that not a hitch or delay occurred to mar the program of the evening.

Opening with the "March Past" and the "Flag Break," the boys got into the program proper, and in the competitive events showed determination to excel, and in the various demonstrations showed the effect of fine teaching, and a desire to do their best.

Prizes in the competitions were quite evenly divided, the winners being as follows:

Explorer competition: Magrath won 23 points; Raymond 1st and 2nd, 19 each, and Stirling 8.

Scout competitions: Stirling and Magrath, 14 points each; Welling 13 and Magrath 2nd, 9. First aid: Judged by Jack Miller, Raymond: Stirling 85; Raymond 1st 70; Raymond 2nd 66.

After the games and competitions, including the building of and use of the monkey bridge, the Scouts all gathered around the camp fire, and this was possibly the crowning feature of the entire evening. Here, under the direction of District Commissioner Chas. Matkin, the boys indulged in the singing of Scout songs, and listened to some interesting Scout Stories and talks, just as is done in outdoor scouting, and then with lights turned off and a beam of light on the "Ladder of Scouting," Gordon Dahl, a Raymond 2nd Ward Scout climbed the ladder, and as announcer Melvin T. King read off the various steps in Scouting and its progress, Gordon placed a card representing this step on the rungs of the ladder, climbing it all with the King Scout, the highest & most coveted badge of Scouting, and has been won by a large number which we might say in passing of Taylor Stake boys from the various troops, we believe some where around 20.

With the Scouts and the audience there were about 800 people present which filled the hall to its capacity almost, and with the printed program everyone was able to follow the program of the evening. Scout leaders of the Stake and Commissioners Matkin and Bob Salmon arranged the details of the Jamboree and special guests were Mrs. Louise Alston of Magrath, Southern Alberta's first lady Scout master, and Stake Pres. T. Geo. Wood who holds the distinction of being the first Scoutmaster appointed in the L.D.S. Church in Salt Lake City, after Scouting was adopted by the Church.

Everything considered the evening was a great success and it is to be hoped that sufficient interest was created that the Jamboree can be made an annual event and that its success will grow with the years. Our boys are our most valued possession, and a good scout is always a good boy. We, as parents with the Scout leaders, should work together to keep our boys good boys.

Lethbridge was blanketed with a thick fog Saturday night during which Mrs. Agnes Little 69, was fatally injured, dying later in Calt Hospital, after the taxi in which she was riding was struck by a Plymouth sedan driven by a man who was traveling from Medicine Hat.

### ELECTIONS ARE OVER

Elections are over in both the Dominion and Provincial fields. Canadians may now return to a more even and undisturbed normal life. Let us hope that while feelings have been stirred up during the campaigns, that no ill will of a permanent nature has been incurred anywhere and that all may be able to meet as friends and enjoy the freedom of thought and action that characterizes Canada, and especially the West.

In the Dominion field as in the Provincial party, led by Prime Minister King, was returned to power with 177 seats. The largest majority it has ever enjoyed, the people of Canada seemingly satisfied with the effort thus far made and intent to let the Liberal party try on. From east to west, the Liberal landslide swept the nation, and strongholds or Conservative strongholds for years past were turned into Liberal victories as a return came in over the Ho. Locally John H. Black, present member, was re-elected with a small majority. Lyn E. Fairbairn, Liberal candidate, who polled a very large vote, and Brig-Gen. J. S. Hart of the Conservative Party. Congratulations to all of these men who waged aggressive but clean campaigns for the Federal seat.

In the Provincial field, Jas. H. Baker, Independent, won out with a three hundred majority over Hon. Solon E. Low, Provincial Treasurer and running on a Social Credit ticket. Raymond gave Mr. Low a big majority in the voting, but Warner, K. River, and the district north and east of here turned a majority for Mr. Walker, enough to win the day and put Warner constituency in the Independent list. Again congrat

mations to both candidates. Some seats in the Province are still in doubt as the counting of the ballots are not as yet completed. In Calgary and Edmonton both, where 12 and 16 candidates were running respectively, the counting went to the full length, and in the final returns, some candidates who made very poor showing on first and second counts, were finally elected on later choices. This is a system of voting rather complicated to the average voter, and at times while possibly the fairest, and about the only system in vogue, like Calgary and Edmonton, each with five candidates, one wonders if the final results really represent the will of the people or not. At any rate, it took some whose chances for election seemed pretty good on the first three counts entirely out of the picture as the counting proceeded, and supplanted the only others away down the list in the early choices.

Another thing was noticeable as Provincial returns came in was the fact that in the majority of cases where the vote was split up three ways or more that the greatest total of ballots was against the government. That is the combined first choices would have defeated the government candidate, but as elimination proceeded and it got to the second count, the balance of power switched in nearly all cases to the side of the Social Credit candidate and resulted in his election. And, too, in the first choices the Independents out-voted the Social Credit forces by more than 5,000 votes, but lacked the balance over other votes combined in the three and four man ridings, and when the recount was started, were beaten in this. Latest reports gave Social Credit 23, Independents 15. Still undecided 19.

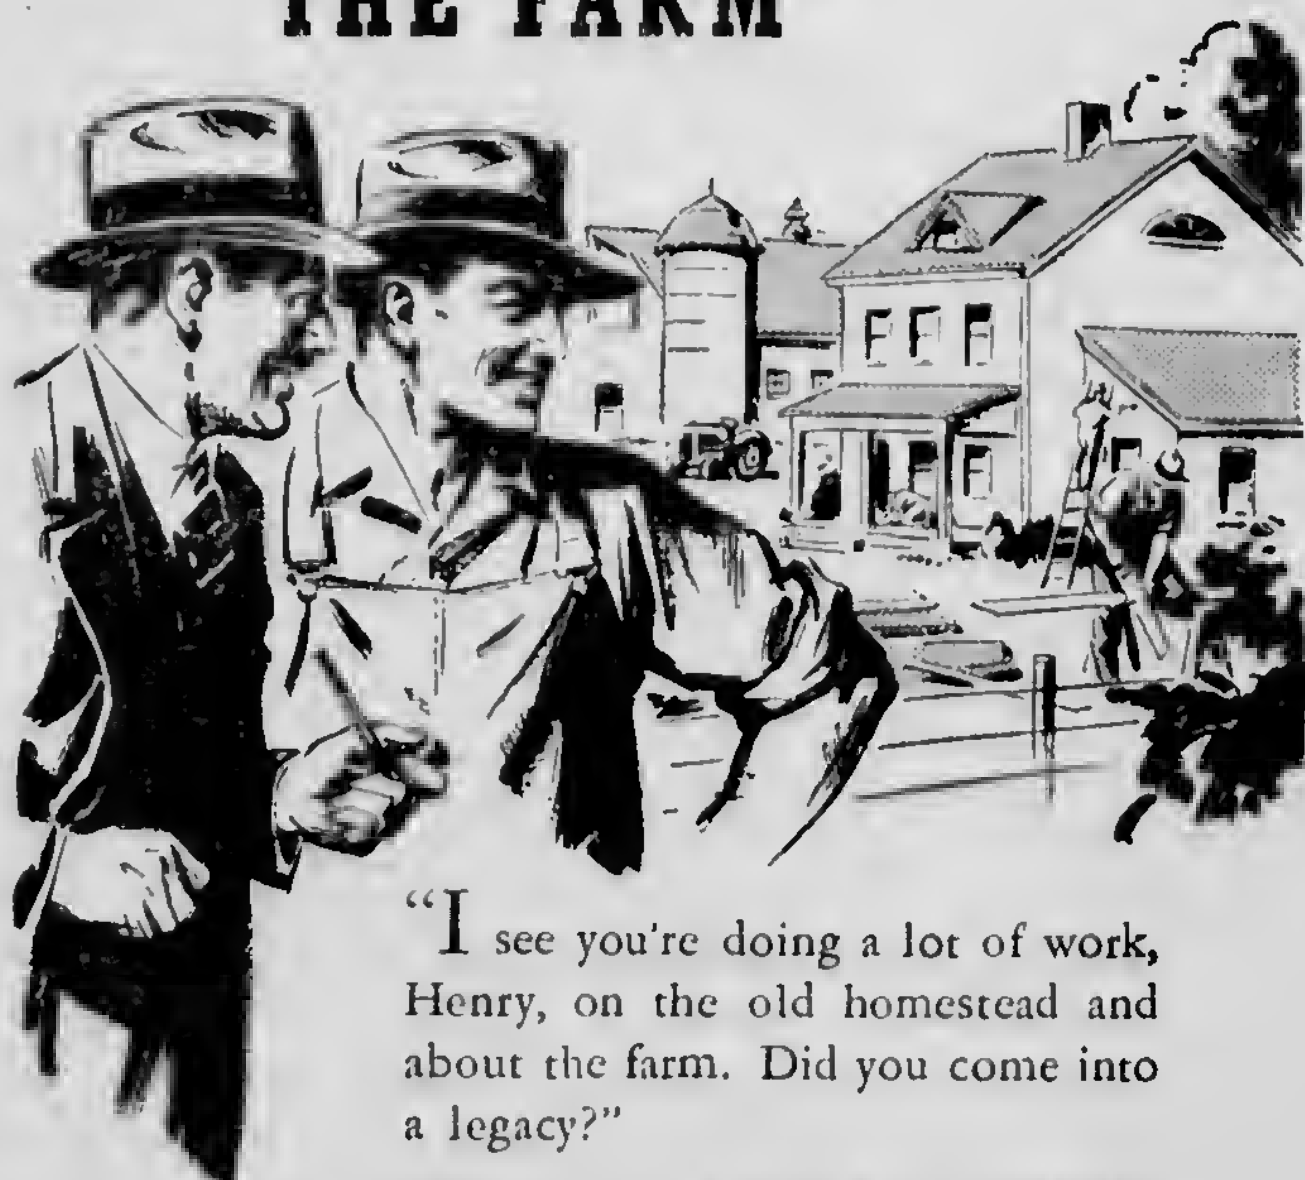

So the die is cast and our voting is over for another four or five years.

## NEW FORD V-8 TRUCKS FOR 1940

THE 158-inch Ford V-8 two-ton truck, with stake body, pictured above is but one of the 64 body and chassis types which comprise the 1940 line of trucks and commercial cars presented by Ford Motor Company of Canada, Limited. With many improvements which

increase servicing accessibility and overall economy, the new trucks also have an advanced styling which gives an entirely new, rugged appearance. New models introduced this year are the 176-inch wheelbase two and three-ton trucks; 122-inch three-quarter

tonners and a 158-inch cab-over-engine three-ton truck. Truck models range from three-quarter to three-ton ratings in conventional and cab-over-engine types with wheelbase lengths from 101-inch to 176-inch.

### CARD OF THANKS

We desire to express our thanks to the many kind friends who so kindly assisted in any way during the illness and death of our mother. To those who sent flowers, gave the use of their cars or assisted in any way we are grateful.  
The McBride Family.

The Queen Mary and the Mauretania, luxury liners of the British passenger fleet left the piers at N. York last week for unannounced ports, reportedly to be converted into troop ships during the duration of the war.

### FILLS OWN BOATS THEN LOADS RIVAL'S CRAFT

Here's a story of co-operation in the general interest that spells a lesson. Recently, according to reports made to the Dominion Department of Fisheries a "herring" fishing party of heavy run of herring struck in at Kwakwaka'wakw Inlet on the Pacific Coast. These fish filled the nets of the seiners to overflowing and thereby rose a problem.

It was, in some instances, impossible for an individual operator to load his entire catch in his own boats. If he abandoned the excess, wastage would result, and in addition the herring killed in "drailing" or removal of the fish from the seine, would sink to the bottom where the dead fish would likely adversely affect further fishing in the locality.

Co-operative effort was the answer. According to the inspector, when a seine fisherman found his own fish carriers loaded he would then load the surplus of his catch into boats belonging to rival operators.

This co-operation not only made sure the protection of the fisheries by avoiding a residue of dead fish on the fishing grounds, but also ensured a full utilization of the catches.

### DARE YOU SPEAK IN PUBLIC

The "L" Course teaches you how to improve your voice, how to increase your vocabulary, how to develop fluency, how to express yourself effectively how to prepare speeches and deliver them with confidence. This is the course for teachers, business executives, salespeople, and all who have to depend up on speech and personality qualities for success. Ask for our free descriptive booklet "Speaking of Words".

Our other courses include—Journalism, Story Writing, Book keeping and Shorthand. We teach all subjects of Junior: Honour Matriculation (Grades XI and XII.)

Particulars of any course in which you are interested will be mailed to you on request.

### NEWS NOTES

Wanted -- Setting hens. See Roi Stone.

Spring came March 20th, and was followed by a week of snow and cold winds.

Wm. Watson, who for 19 years has been associated with the Hudson's Bay Company, 16 as manager of their wholesale grocery department, arrived in Lethbridge this week to take over the management of the H. R. Carson Co. store, succeeding the late J. G. Macpherson.

Calgary stands 2 up on Trail in the Hockey playoffs by her 5-2 defeat of the British Columbia team Tuesday night. Still protesting Saturday night's game, Joe Shannon remained out of the game Tuesday night to remove any question of a protest.

Meetings were held here Monday in the interests of both Conservative and Liberal for the Tuesday voting. The Conservatives met in the afternoon in the Town Hall, and the Liberals held forth at night in the Opera House. Senator Buchanan and Mayor Elton of Lethbridge spoke at night. Lynn E. Fairbairn, Liberal candidate was ill in the hospital and unable to attend.

## EXPERIMENTAL STATION LETHBRIDGE

## RECOMMENDED VEGETABLE VARIETIES

Variety testing is a main part of the horticulture work at the Lethbridge Station and the results obtained over a period of years should, it is believed, provide dependable guidance in selecting varieties of vegetables and fruits for Southern Alberta. This letter offers a list of varieties of staple vegetables and hardier fruits that have been tested here and which are recommended. In valuating the varieties tested, yield has been considered, though main emphasis has been given to quality, earliness and hardiness. Variety test results obtained at Lethbridge may be safely applied to very nearly all of Southern Alberta. The main exception possibly is in the foothill area and around Calgary, extending almost as far as Vulcan to the south and Gleichen to the east, where on account of the higher altitudes temperatures during the growing season are somewhat lower than in the lower altitude areas of the prairies.

The varieties recommended are: Asparagus—Mary Washington. Beet—Early Model, Detroit Dark Red, Ohio Cammer.

Beans—Round Pod Kidney Wax, Brittle Wax, Stringless Green Pod, Blue Lake (Pole). Cabbage (Early)—Early, Golden Acre, Copenhagen Market.

Cabbage (Late)—Danish Ball head, Flat Dutch, Red, Red Haco, Savoy Best of All, Drum-head.

Canflower—Early Snowball, Early Dwarf Erfurt, Burpeeana, Snowdrift.

Cucumber—Early Russian,

President, Straight Right Del-crow.

Corn (Early)—Banting, Golden Eye, Market, Midseason, Golden Bunching, Dorinay. Main crop: Golden Bantam.

Carrot (Early)—Nantes, Day and Night Long, Main crop—Chantenay.

Celery (Early)—Golden Salt Blanching, Golden Plume, Main Crop: White Plume, Salt Lake. Onion (Pickling)—White Bartlett.

Leaf—Musselburgh.

Lettuce (Head)—New York No. 12. Leaf: Grand Rapids, Black Seeded Simpson, Cos. Trianon.

Muskmelon—Champlain, Northern Honeysweet.

Onion (Seed)—Southport Yellow Glove, Yellow Globe Danvers, Mountain Danvers. Sets: Yellow Glove, Red Glove.

Peas (Garden)—Little Marvel, Tall Telephone, Stratagem, Lincoln, Engress.

Peas (Canning)—Surprise, Moral, Perfection.

Parsnip—Hollow Crown. Parsley—Triple Curled.

Potatoes—Irish Cobbler, Bliss Triumph, Early Ohio. Late: Rural Russet, Netted Gem.

Pumpkin—Small Sugar, Winter Queen.

Radish—Saxa, Scarlet Turnip White Tip, White Icicle.

Tomato—Abel, Bonny Best, Earliana, Earliest North, Red-skin, Pinkie.

Turnip—Early Snowball, Purple Top Swede.

Watermelon—Early Canada, Honey Cream.

Some of the hardier varieties of bush and tree fruits tested: Black Currants—Eagle, Saunders, Magnus.

## G-MAN HOOVER SAYS TODAY'S CRIMINALS ARE GROWN AT HOME

Criminals, like honest law-abiding citizens, have no mysterious origin, but are "home grown," charges J. Edgar Hoover, America's Number One G-Man, who fixes responsibilities for crime within the family circle in his current Rotarian Magazine article on juvenile delinquency.

"Character, good or bad, gets its original 'set' at the dinner table, in front of the living-room fire, in the basement workshop or playroom, even perhaps in the woodshed—wherever parents and their children meet, live with one another, react on one another," Hoover tells Rotarian readers. Very few parents consciously and wilfully instill criminal ideals in their youngsters, he says, but criminal tendencies are picked up outside the home because of improper background training.

"Boys seek the street and the outside, and become receptive to the criminal ideas and ideals of tough pals or gangs, usually for just one reason: somehow, whether because of indifference, ignorance, laziness or stupidity, the home and parents have failed," he reasons out of 15 years' experience based on hundreds of cases. That this is true—and discouraging—is shown in the fact that throughout the past year the largest number of individuals arrested by ages fell in the 19-year-old group while those 18 years old were second. One out of every five persons arrested was under 21 years of age.

"The greatest of all recipes for crime prevention is understanding of boy nature by older people."

Red Currants—Red English, Fraendorfer, New Red Dutch. White Currants—White Dutch Gooseberry—Pixwell.

Raspberry—Herbert, Cuthbert Newburg, (irrigated) Chief.

Strawberry—Senator Dunlap, British Sovereign.

Plum—Pembina, Red Wing, Cree, Assiniboine.

Crabapple—Rosilda, Trail, Transcendent, Dalgo.

Standard Apple—Hibernal, Patten's Greening, Yellow Transparent, Blushed Calville.

Hardy Cross bred Apple—Osman, Prince, Silvia, Columbia.

## CHURCHES OBSERVE EASTER

Easter, in commemoration of the resurrection, was duly observed in the churches of Raymond last Sunday, the morning services being devoted to programs mainly for the children, and the evening meeting for the adults, including pageants, musical number and sermons, all on the life, labors and resurrection of the Savior. Good attendances were present at all meetings.

## NEWS NOTES

Persons unknown as yet, poisoned 22 dogs in Cardston the end of last week. Nearly every dog killed was some person's prized pet. It has been determined that the meat, which was scattered about was laced with strychnine. Officials are working on the case.

Next Monday, April 1st, the students will wend their way back to school to start the last quarter of the year. With but two holidays remaining in the school year, they have three months of pretty steady hammering ahead of them. We still think our Canadian schools should close by June 1st.

ple, especially parents. It is chiefly from homes where misunderstanding or indifference occurs which drive boys into hazardous relationships outside, that the men are recruited whom we of the Federal Bureau of Investigation later know, and conduct nation-wide hunts for, as kidnapers, murderers, forgers, thieves, rapists and other public enemies," G-Man Hoover asserts.

"The threat of criminality has to be fought on every front where it shows its ugly head. But it is too bad that we have to ruin so many lives that could be useful, simply because the right influences are not present at the right time." Everyone, parents, taxpayers, and possible victims of criminality must enlist in this war on crime, he says, adding: "The finest victories against crime can be won before individuals become criminals."

## PROBLEMS OF EVERYDAY LIFE

By Dr. M.M. Lappin

"I am a married woman and my home surroundings are very congenial. My husband is good to me, and my little girl, five years old, is a bright and beautiful little darling. I really have nothing to worry about, yet somehow I am possessed of a continual uneasy feeling of fear. Three years ago I had a bad accident, and I think it may be due to that. Can you tell me how to get rid of this fear and be happy?" So writes Mrs. C.R.

It is possible that your fear is attributed to the accident which you suffered, but on the other hand, it may be due to something else. On the surface, there may be nothing to worry you, yet it is possible that this "continual uneasy feeling of fear" is due to some unpleasant experience long passed, but which you have repressed into the subconscious part of your being.

My advice to you is that you submit yourself to a rigid self-examination.

The French government will buy 2,000 Alberta horses for remounts for their military units according to press reports.

Still cracking down on head drivers, two local men were fined ten and costs for violation of traffic by-laws last week. Today even the most minor things bring a fine.

examination. Sit down quietly and mentally retrace your life as far back as memory will carry you. Take paper and pencil and write down every experience you recall which might have been responsible for sowing the seeds of fear within you. If the cause of your fear lies in some limited past experience, and you are absolutely honest with your self in this process of self examination, you will discover it. Take a good look at it and you will see that it is nothing to worry about. You will be able to dismiss it.

Whatever lies at the basis of your fear, the one thing necessary is that you should take yourself in hand at once. You are fortunate in that you have an understanding husband. I suggest that you frankly discuss the matter with him. Doubtless he will be only too willing to co-operate with you, and together you ought to be able to find interest sufficient to help you to get away from yourself.

Perhaps you have too much time on your hands and what you need is something to take your attention away from yourself. Why not try to find some avenue of service by joining one of the women's organizations in your town. A good hobby like gardening, for example, will give you scope for both physical exercise and mental concentration.

You CAN get rid of your fear and you will get rid of it if you but make up your mind that "there is nothing to fear but fear itself."

HERE'S A LOW COST PLAN TO... help your studies!

## A New Valuable TOOL IN EDUCATION

Recent tests, conducted by prominent educators, have shown parents, educators, and students that the portable typewriter is a most valuable educational tool. In a dramatic two years series of tests they have proven that most children improve grades as much as 14% when using a portable typewriter.

An unexpected outcome was that, in addition to betterment in Composition, Geography, History, Science and even Arithmetic, self expression became easier even for shy students!

You, too, can have this marvelous educational aid—for Remington Rand makes it easy to get only a small deposit, and terms as low as 10c a day, will bring you the Remette Portable, other models a trifle higher. Read what prominent educators say about student use of typewriters. Send for Free Booklet.

## Remington REMETTE PORTABLE

Lowest priced complete standard portable in Canada. Full standard keyboard, shift keys, shift lock, back spacer, margin stops. Extra strong geared type action, nothing that can get out of order. Full mechanical guarantee. You'll be thrilled when you see how easy it is to type with the Remette Portable.

## FREE! 32-PAGE TOUCH METHOD INSTRUCTION BOOK

with any Remington Portable you buy. It contains lessons, exercises, charts and illustrations to help teach you typing by the touch method.

## SPECIAL CARRYING CASE

Included in the purchase price of your Remington Portable is a smartly designed Carrying Case.

### NEWS NOTES

Mr. and Mrs. Howard Oliver of Calgary, spent Sunday and Easter Monday in Raymond with relatives and Howard spent most of the remainder of the week here on business.

With the frost coming out of the ground now, bangs have been placed on all Alberta highways to protect them from heavy loads that may spoil them and cause great expense in repairs. Restricted loads are permitted only.

On output of Turner Valley was increased to 5,000 barrels a day by an order issued this week. Whether the results of the provincial election had any thing to do with the increased output of the wells, or not, we are not in a position to say.

The Easter parade locally was rather frozen out here Sunday as a cutting south-east wind held the spotlight all day. Easter in March in Alberta is not a very safe gamble, some years we are still having winter at that season.

### UNDAUNTED U BOAT VICTIMS

**S**URVIVORS of the crew of the Canadian Pacific cargo liner Beaverburn received a warm-hearted welcome on landing at a British port. They expressed their happiness on reaching dry land again by singing "Auld Lang Syne." Upper left shows members of the crew, cheery, in

spite of their ordeal, preparing to do justice to a hot meal and tea. Part of the crew, marching along the wharf after landing, are shown in upper right. Note the sailor who only had time to don his trousers. He is wearing a

more fortunate comrade's vest. Captain T. Jones, commander of the Beaverburn, was heartily congratulated on his handling of a most serious situation. Center shows a port authority official adding his word of praise. The Beaverburn was torpedoed early in February.

**AMBULANCE CLASS FINISHES**

It is gratifying to be able to report that the keen interest in the first aid work initiated a few years ago by a certain group of the sugar factories employees and senior scouts of the town has been steadily growing since. It became of a particular significance and value to the entire community in this time of the war.

This year's class was started on February 7th and brought to a successful conclusion on March 20th when all attending were examined by Dr. J.S. Madill and found well qualified for the work as first aiders.

As previously, the training was carried out under the auspices of the St. John's Ambulance Association in co-operation with the Compensation Board of Alberta.

Mr. R. Christie, Supt. of Mine Rescue Station at Lethbridge was acting again as a lecturer-instructor. It is due to his enthusiasm and able teaching that the interest in the first aid work has been maintained at a high pitch.

The entire class wishes to express its gratitude to the management of the Sugar Factory (1) for taking care of the expenses involved, (2) supplying various materials for practising, and (3) other support in the undertaking. The Raymond Factory has now thirty-two trained first aiders among its employees.

Thanks are also due to the Town of Raymond for the free provision of the Town Hall for the lectures. As a token of appreciation on the behalf of the class presentations were made to the lecturer and the examiner immediately after the examination.

## DODGE TRUCKS

MEET 95% OF HAULING NEEDS!

Have a "Show-Down" of Dodge with any other  
Truck before you Invest your Money!

95% of all haulage needs are met by this new 1940 line of Dodge Trucks. Capacities range from 1/2-ton to 3-ton heavy duty Diesel models. Horsepower, torque and gross loadings have been increased throughout the line. Dodge-built Cab-over-engine models are now available in the 1 1/2 and 2-ton series. Dodge engineers have developed a Cab-over-engine that is easy to get into, easy to get out of on the curb side and one in which steering and gear shifting are the same as in a conventional cab. "Sealed Beam" headlamps give 50% greater illumination. New

springs have slower rate of deflection and give an improved ride. New 2-speed axles have a one-piece housing and are greatly strengthened. Time-tested Dodge Truck features retained for 1940 are: Dodge Equal-Pressure Hydraulic Brakes, L-head Engine, Full-length water jackets, aluminum alloy pistons with four rings, Amola steel in vital parts and dozens of other famous advantages that mean Dodge Dependability, Long Life and Low Operating Costs. Consult us regarding your hauling requirements.

### THE 1940 DODGE TRUCK LINE

1/2 Ton, 3/4 Ton, 1 1/2 Ton, 1 1/2 Ton C.O.E., 2 Ton, 2 Ton C.O.E.  
3 Ton, 3 Ton Dual Purpose, 3 Ton Heavy Duty, 3 Ton Diesel
